

年次大会における研究発表(口頭発表とポスター発表)

年	表題	著者
2004	A-1 Horticultural activities at elementary school in Soeul today	E.J. Jang, H.R. Kwack, C.H. Pak, B.H. Kwack (永野明範)※
	A-2 Research of students on how many plants they know before and after practical training	Akinori Nagano, Azusa Uemachi (永野明範)
	A-3 Horticultural and human being: A growing field of interest for distance teaching in New Zealand	Judith Kidd (永野明範)
	A-4 Horticultural therapy courses in a medical university in Taiwan	Chien-Hui Chen, Yu-Jen Kuo, Yu-Jen Lin (西村悟郎)
	A-5 Horticultural therapy for the aged with chronic schizophrenia	Tsuyoshi Minei, Takafumi Kiyuna, Mie Tanaka, Yoshihide Takaesu (嶺井 毅)
	B-1 Participation in social activities involving plants in a mature society	Mayumi Hayashi (林まゆみ)
	B-2 The ability and potentials of medicinal plants production and herbal medicine in Iran	Ali Nikbakht, Mohsen Kafi, Maryam Haghighi (能勢健吉)
	B-4 Indoor plants: Improving the indoor environment for health, well-being and productivity	Ronald Wood (木村正典)
	C-1 A portable electrocardiograph to monitor autonomic nerve activities of workers harvesting apples	S. Furuhashi, M. Hirata, E. Tanaka, T. Suzuki, K. Oosawa (古橋 卓)
	C-2 The effect of natural landscape on human responses	Chun-Yen Chang, Hsing-Fen Tang (古橋 卓)
	C-3 Roles of daily horticultural activities in physical and mental QOL for elderly adults	Kenji Yamane, Megumi Adachi (山根健治)
	D-1 People's response to discomfort in the presence of interior plants or art	Virginia I.Lohr, Caroline H. Pearson-Mims (山根健治)
	D-2 Does it matter if the tree you plant is green or not?	Andrew Kaufman, Virginia I. Lohr (山根健治)
	D-3J Characteristics of fresh herbal bath water -Evaluation of experimental scales-	Fumie Tazaki (田崎史江)
	E-1 The relationship between landscape environment and well-being and restoration	Tzu-Hui Tseng (古橋 卓)
	E-2 Surveillance study on healing landscape: Meaning of existence of plant especially in landscape	Fusayo Asano, Yoshihide Takaesu, Hyojung Kweon, Eisuke Matsuo (浅野房世)
	E-3 The effect of horticulture therapy on alzheimer's disease	Esmail, Maryam Haghighi, Mohsen Kafi (嶺井 毅)
	E-4 Factors on compliance of horticultural therapy in patients with brain lesion	Sang-Mi Lee, Bum-Sun Gwon, Jeung-Keun Suh (藤木雄二)
	E-5 The practicability of horticultural therapy for asthmatic children	Yasuko Kamata (鎌田靖子)
	E-6 Therapeutic aspects of gardening in psychiatry	Konrad Neuberger (澤田みどり)
	E-7 Horticultural therapy at the Royal National Orthopedic Hospital NHS trust	Linda Exley (山岸主門)
	E-8 Therapeutic horticulture perspectives in Australia and New Zealand	David Aldous, Judith Kidd (神田啓臣)
	F-1J A trial of creating some places to tarry and play -Relation between children and“Michikusa Kajuen” in the beginning of creatiug	Hiroyuki Imanishi, Sonomi Terui, Hiroshi Tsuyuzaki (今西弘幸)

F-2J Manufacture of a short-term program to deepen communication by gardening activities

F-3J Development of horticultural therapy (HT) evaluation system on 3 elements(program-support-client)

F-4 Garden as a component of an after school nutrition program: A preliminary study

F-5 Effect of counseling workshop utilizing familiar woods

F-6 Model for healthy aging with horticulture

F-7 Safer gardening in older age: Supporting people to live in their own homes

P-1 A study on the change of environmental attitude in the early childhood by nature experience activity

P-2 Evaluation viewpoints of instruction on social role of horticulture

P-3 Metaphors and symbolisms derived from horticultural activities:Influence on life experiences and culture of Japanese and American elderly adults living the United States

P-4 What color names originated from plant names are known by the Japanese in relation to generations?

P-5 Characteristics of Chinese health foods and planning for healthy diet

P-6 Effect of Chinese medicated diet on serum level of insulin-like growth factor
I . Related to the development of osteoporosis

P-7 A study on the relationships between Iranian people and Damask rose (*Rose damascena* Mill) and its therapeutic and healing properties

P-8 The history of traditional medicine and herbal plants in Iran

P-15 A study on the design of therapeutic garden in hearing impairment school

P-16 Attitudes among residents towards the creation of a community by horticultural activity on the roof top of a housing complex in Tokyo

P-17 Healing garden for the corporate environment

P-18 Overview of interior landscaping at simplified planters in apartments

P-19 The effects of interior landscape on satisfaction of commercial building

P-20 The effect of removing indoor air pollutants used anion generated by indoor plants

P-21 Child's direct attention wishing the planting vs.non-planting classroom

P-22 The effects of interior plantscape in office on the psycho-physiological improvement and stress alleviation of indoor workers

P-23 Effects of horticultural therapy applied herb fragrance

Kubota Toyokazu (久保田豊和)

Masahiro Toyoda (豊田正博)

Suzanne A.Poston, Candice A.Shoemaker (西村悟郎)

Iwao Uehara (上原 巖)

Candice A. Shoemaker, Mu-Chuan Lin (上原 巖)

Doreen Marsden, Tim Spurgeon (上原 巖)

Kwang-Ja Bang, Sung-Eun Park (仲間勇栄)

Masahiro Toyoda (豊田正博)

Miho Kataoka, Richard Mattson

Kinuko Masuda, Eisuke Matsuo, Eijiro Fujii (増田絹子)

Yoshimi Minari, Noritake Tokui, Azusa Fukumoto,
Xin Guo, Gen Sheng Zhu, Fumiaki Uchiyama (三成由美)

Noritaka Tokui, Yoshimi Minari, Azusa Fukumoto, Xim
Guo, Gen Sheng Zhu, Fumiaki Uchiyama (徳井教孝)

Ali Nikbakht, Mohsen Kafi (森村洋子)

Ali Nikbakht, Mohsen Kafi (能勢健吉)

Jeung Keun Suh, Ju Yer Kim (下村 孝)

Masanori Kimura, Mai Nishiwaki,
Masanobu Miyata (木村正典)

April Bruning (杉原式穂)

Soon-Ok Kwak, Jin-Hee Lee, Soon-Yeon Kim (西村安代)

Soon-Yeon Kim (上田佳那子)

Jin-Hee Lee, Chang-Rea Lee (西村安代)

Chun-Yen, Hsing-Fen Tang (上田佳那子)

Jong-Eun Song, Jai-Eok Park, Hyong-Deug Kim,
Jong-Sub Lee, Ki-Cheol Son (下村 孝)

Young-Hyun Lee, Dal-Wan Ku, Myoung-Lai Ro (森村洋子)

on the depression of middle school students

P-24 Effects of horticultural therapy by natural sound on the depression of high school students

P-25 Effects of plant's aroma on anti-stress with plant's leaf tearing task

P-26 Physical activity level during gardening in everyday life

P-27 Characteristics and psychological utility of memorial academium aqua terrace in Toin Gakuen

P-28 The relation of physiological and psychological effect of horticultural activity based on the principal components analysis

P-29 Preliminary consideration on the effective application of horticultural therapy based on changes observed in the body function of elderly people with dementia

P-30 Preliminary study on the impact of an educational program on self-efficacy, gardening, fruit and vegetable consumption, and quality of life for older adults

P-31 Vocational horticulture manual

P-32 Horticultural therapy in a jail: Correctional care in anger

P-33 Description and results of the horticulture therapy at Midori No Sato which is special nursing home for the elderly

P-34 Evaluating survey methods of horticultural therapeutic activities for intellectual disability

P-35 The practical report of horticultural therapy in a nursing home in Japan

P-36 Horticultural therapy program for cancer survivors

P-37 Gardening and dementia: A study of the use of gardening in the UK for people with dementia

P-38 A study on interpersonal relation of demented elders through therapeutic horticultural activities of buddy system
